

GI BILL® BENEFITS

MY SCHOOL HAS CHANGED OR I WANT TO USE ANOTHER GI BILL

What do I need to do?

You will need to submit a new application for benefits. Students can submit their application for benefits through the VA's website at <https://www.va.gov/education/how-to-apply>. You will need the following:

- Social Security Number
- Bank Account Direct Deposit Information
- Education & Military History
- Basic Information About the School or Training Facility You Want to Attend or Are Currently Attending

Once you have registered for classes, reach out to the VA Certifying Official at your school. This individual will report your enrollment information to the VA.

What happens next?

The VA will review the new enrollment information from the school, information from the Department of Defense, and your previous GI Bill® benefit usage to determine if you are still eligible for benefits.

After the VA has processed the updated information, they will send you either a denial letter indicating why your application was denied or a Certificate of Eligibility (COE) identifying which benefit was awarded, how benefits will be paid, how many months of benefits you have remaining, and outlining any follow-on steps that you need to complete.
